*WARNING: You can choose one option or you can choose a combination. When making your choice, you should consider the different levels of risk and returns you're likely to encounter with each of these options, as well as the timeframe of your investment. *The Sustainable Future option is different to the*

sector-specific options. It is a Socially Responsible Investment (SRI) and invests in companies that put labour standards and environmental, social and ethical issues at the forefront of how they grow and sustain their business.
