

Consolidate your super

If you have multiple super accounts it's easy to combine or roll over your super into one account.

Simply complete the [Transfer in - rollover initiation request form](#), sign and date it and send it to us at the address noted on the form. We'll do the rest.

Combining your super may help you:

- Save on fees – fewer accounts can mean fewer fees
- Have more control over your investment strategy – one account, one strategy
- Keep track of all your super – everything is in one place
- Avoid paying unnecessary insurance costs – premiums may be deducted across multiple accounts

Don't forget, you should check with your other fund/s about any entitlements that may cease on withdrawal, any exit or withdrawal fees that may apply and the impact on any insurance you have.
