Income protection

Income protection gives you a monthly income based on a percentage of your salary, if you're unable to work due to illness or injury and satisfy the conditions for a total disability benefit or a partial disability benefit.

What are the levels of cover?

If you're eligible for Income protection, you can choose from multiple levels of cover with benefits payable for 2 years, 5 years or to age 65 with options on waiting periods, subject to any time frame and terms of the policy.
