

Why WA Super?

About us

WA Super is a Western Australian based industry style super fund available to anyone who is eligible to have a superannuation account. We manage over \$2.5 billion of retirement savings for over 40,000 members and have been around for over 25 years.

We hold a 'MySuper' licence from APRA which means WA Super is able to be nominated as a default fund.

Unlike some other super funds, WA Super isn't run to make a profit for shareholders. Our only goal is to help our 40,000 members retire the way they want to. The way they always imagined they would.

What is a MySuper licence, and why is it important?

WA Super holds a MySuper licence from APRA, which means employers can nominate WA Super as their default super fund. Once you sign up with us, you'll stay with us and won't be forced to join a fund you didn't choose. People who sign up funds that don't have a MySuper licence may find themselves suddenly being shifted to a different brand or a company that's based on the East Coast. With WA Super, you'll always have the right to choose for yourself.

WA Super is the trading name for the WA Local Government Superannuation Plan. It is issued by WA Local Government Superannuation Plan Pty Ltd ABN 64 066 797 162, AFSL 269006, as Trustee for WA Local Government Superannuation Plan ABN 18 159 499 614 SPIN WAL0001AU

Experience counts

We've been looking after employees' super for over 25 years. Historically caring for employees in local government, we're now open to the general public.

With over 40,000 members and \$2.5 billion in assets, we know your super, and understand your retirement income needs. Economies of scale help us keep costs low, and flexible choices ensure you can tailor your super to your needs.

You have the right to keep your super for life and not be forced to change.
You have the right to the low fees of an industry fund.
You have the right to retire the way you want to.
